RE: 1989 Annual Vegetation Report, Co-Op Mining Company, Bear
Canyon Mine, ACT/015/025, and Trail Canyon Mine, ACT/015/021,
Folder #2, Emery County, Utah

Analysis

A qualitative survey was conducted at both mines in 1989. Overall success of revegetation was considered fair. Several small areas of no vegetation in Trail Canyon were seeded in 1988 and again in 1989. These areas will be monitored again during the 1990 field season.

Recommendation

The annual report is adequate.
